Medical — Plan Features & Key Terms

Embedded Deductible & Embedded Out-Of-Pocket Maximum

For medical plan members who are covering a spouse and/or child(ren), the PPO Plan, In-Network Only Plan, and HDLP Plan have embedded deductibles and embedded out-of-pocket maximums.

Each member of this family has an **individual deductible**.

Each member of this family has an individual **out-of-pocket maximum** (OOP max).

If one of them meets the individual deductible, the plan starts paying coinsurance for that person.

If one member meets the individual OOP max, the plan will pay 100% of eligible expenses for the remainder of the plan year for just that person.

If expenses for two or more members reach the family deductible, all are considered to have met the deductible.

If expenses for two or more members reach the family OOP max, all of them are considered to have met the OOP max.

The plan will then begin paying coinsurance for the whole family.

The plan will then pay 100% of eligible expenses for the whole family for the rest of the plan year.

Understanding the Value of the HDLP Plan

Many people may focus solely on comparing the deductible amounts of the HDLP Plan, PPO Plan, and In-Network Only Plan often choosing the PPO Plan without fully exploring all plan options. However, if you use the HDLP Plan wisely, you could end up spending less overall than you would as a PPO Plan member — regardless of the deductible.

Wellbeing @ Chewy

This program is designed to improve the health and wellbeing of Team Members through support and resources in the areas of physical, financial, and mental health. Learn about resources, like Omada, throughout this guide!

Explore more health and wellbeing resources on **page 12!**

The information provided in this material is for general informational purposes only and is not intended to provide specific advice or recommendations for any individual. While the HDLP Plan with an HSA may offer certain advantages, there are scenarios where the PPO Plan may be more advantageous depending on your individual health care needs, financial situation, and usage patterns. We encourage Team Members to carefully evaluate their options and consider factors such as anticipated medical expenses, provider preferences, and financial goals when selecting a health plan.

Health Care Flexible Spending Account (FSA)

If you are enrolled in the PPO Plan or In-Network Only Plan, you can enroll in the Health Care FSA to reduce your federal tax bill while putting aside money for health care needs.

Important! You must actively enroll during Open Enrollment each year to participate in this benefit.

When you enroll, you decide how much to set aside for FSA expenses. Your full contribution amount will be available for use on your benefit effective date. 2. Your contributions are then deducted from your paycheck on a pre-tax basis in equal installments throughout the calendar year for use on qualified expenses. 3. You can use your FSA debit card to pay for eligible expenses at the point of sale, or you can pay out-of-pocket and submit a claim form for reimbursement. | | |

Use It or Lose It!

Funds do not roll over from year to year. However, Chewy offers a 2.5-month grace period. You must incur all claims prior to July 15 and file all incurred expenses by July 30 each year.

Items You Might Not Realize Are Health Care FSA Eligible:

- ✓ Sunscreen
- ✓ Heating and cooling pads
- ✓ First aid kits
- ✓ Shoe inserts
- ✓ Travel pillows
- ✓ Motion sickness bands

Health Savings Account (HSA)

If you are enrolled in the HDLP Plan, you can enroll in an HSA and save for future health care costs while reducing your tax bill.

When you enroll in an HSA through Workday, Chewy will open an account with Fidelity on your behalf. You will need to actively sign up for an HSA in order to receive the Chewy contribution. Chewy contributions are prorated based on your enrollment date and will be deposited each pay period. **Chewy will contribute up to \$400/individual, \$800/family per plan year.**

How Much Can You Contribute?

| | Annual IRS Contribution Limit | Annual Company Contribution | Maximum Contribution Amount |
|---------------------|-------------------------------|-----------------------------|-----------------------------|
| Individual Coverage | \$4,400* | \$400 | \$4,000 |
| Family Coverage | \$8,750* | \$800 | \$7,950 |

*Total IRS contribution limits for 2026 include both Team Member and Chewy contributions. Individuals age 55 or older can make an additional \$1,000 in "catch up" contributions. Amounts change yearly per IRS guidelines.

Note: Chewy HSA contributions will be deposited into your account each pay period if you are an active Team Member.

You can contribute to the account and adjust your contributions at any time during the plan year without a Qualifying Life Event. Use the funds any time for qualified health care expenses including doctor visits, prescription drugs, dental care, vision care, and even over-the-counter medications.

Any money that you don't use rolls over for future years and, in some circumstances, may be invested. The funds remain yours if you change jobs or retire, and your HSA also provides the following tax advantages:

HSAs Deliver Triple-Tax Savings

1

Contributions

You don't pay federal income tax on the money you contribute to your HSA.

2

Interest

You don't pay taxes on the interest you earn in your HSA.

3

Qualified Withdrawals

You don't pay taxes when you use the money in your HSA to pay for qualified medical services, reducing your out-of-pocket costs.

Investing and Retirement Planning

- **Grow your account balance over time.** Like a 401(k), your HSA funds may, in some circumstances, be invested.
- **Try not to use your HSA for routine expenses.** If you can pay out-of-pocket, leave your HSA funds alone because they may grow for when you need them in the future.
- **Your HSA could be a powerful retirement savings account!** After age 65, HSA funds can be used for any purpose without penalty (though non-medical withdrawals will be subject to income tax). Note: You cannot contribute once enrolled in Medicare (including Part A).

Prescription Plan

Prescription coverage through CVS Caremark is included when you enroll in a Chewy Medical Plan.

Note:

- **Generic medications:** Prescriptions will automatically be filled with generic medications unless your physician prescribes a brand medication.

PrudentRx Specialty Prescription Program

PrudentRx can help you save on specialty prescription costs. PrudentRx will work with you and the drug manufacturer to get copay card assistance when available and assist you when copay cards need renewal. Even if your specialty medication has no copay card, your out-of-pocket costs will be \$0 for the PPO Plan or \$0 after deductible for the HDLP Plan.

As a plan member, you will be automatically enrolled in the program and can choose to opt-out at any time. If you actively opt-out of the program, you will be subject to 30% coinsurance for specialty medications. You will receive more information about this program after enrollment. Finding an Eye Doctor

Visit [eyemed.com](https://www.eyemed.com). Under Members & Consumers, select "Find An Eye Doctor." On the next page, select "Insight Network" under "Network." You can search for providers by location or by name. You can also find an eye doctor through the EyeMed mobile app.

For assistance, contact EyeMed at **1-866-804-0982**.

Know the Difference Between In-Network and Out-of-Network Coverage. You Can Save More with PLUS Providers!

In-Network

You'll save the most money on eye exams, frames, and lenses if you pick an eye doctor from EyeMed's network.

If you visit a PLUS Provider, you can save even more. PLUS Providers are in the EyeMed network, so the additional savings are built right in.

Out-of-Network

If you choose an out-of-network doctor, you'll have to pay the total amount due at your appointment. To get reimbursed, you'll need to submit a claim form with an itemized receipt. The whole amount may not be covered. You will be responsible for paying any charges not covered under your plan. You can find the claim form at [eyemed.com](https://www.eyemed.com) under the "Claims" tab on your Member account page.

Flexible Spending Accounts (FSAs)

Dependent Care FSA

Only Team Members at C05 and below are eligible to participate in the Dependent Care FSA.

Use pre-tax dollars to pay for dependent care expenses, including for babysitters, daycare, day camp, preschool, home nursing care, elder care, and more. If you are married, your spouse must either be employed or a full-time student to use the FSA.

- **Important! You must actively enroll during Open Enrollment each year to participate in this benefit.** You cannot change your contribution amount during the year unless you experience a Qualifying Life Event.
- All contributions are deducted from your paycheck on a pre-tax basis in equal installments throughout the calendar year.
- To pay for eligible expenses, you may use your FSA debit card or submit the appropriate paperwork for reimbursement. Under IRS guidelines, you can only be reimbursed for dependent care that has already taken place.

| Annual Maximum Contribution | |
|-----------------------------|--|
| Dependent Care FSA | \$7,500 (\$3,750 if married and filing separate tax returns) |

Commuter FSA

Use pre-tax dollars to pay for qualified work-related commuting and/or parking expenses. Unused funds roll over from month to month, and all remaining balances carry over from one plan year to the next. Payroll deductions for this plan will be deducted in the first two bi-weekly paychecks each month (first four paychecks each month for weekly payroll).

You can enroll or make changes to this benefit at any time throughout the year.

| Monthly Maximum Contribution | |
|------------------------------|--|
| Commuter FSA* | \$340/month for parking and/or \$340/month for transit |

*Certain corporate hubs are eligible for a company contribution.

Use It or Lose It!

Funds do not roll over from year to year. However, Chewy offers a 2.5-month grace period. You must incur all claims prior to July 15 and file all incurred expenses by July 30.

Paying for Eligible Services & Products

Use the benefits debit card to pay for eligible services and products. Merchants with the Inventory Information Approval System (IIAS) can provide all IRS-required information right at the point of sale.

You can also file claims online. With the **Benefits by WEX Mobile App**, use your phone's camera to take a picture of documentation and upload it on the spot. You can also file claims through your online account by clicking on the "Login" button on the top right corner of any page and selecting "Benefit Accounts" from the drop-down menu.

For more information, visit wexinc.com.

Note: You don't need to file a claim for purchases made with your FSA debit card. However, you may still need to submit documentation via the mobile app or online account on those claims.

Supplemental Medical Benefits

Chewy offers Accident, Hospital Indemnity, and Critical Illness Insurance through Aetna.

Note: These plans are not replacements for medical insurance.*

Supplemental medical benefits can help cover the out-of-pocket costs of a major medical event for a reasonable cost. Benefits are paid directly to you, allowing you to use the funds however you choose. You receive the full benefit even if you have other insurance.

Important! When choosing to cover your spouse and/or children, please select them in Workday during the enrollment process. You must choose a beneficiary when electing Critical Illness coverage.

Accident Insurance

Accident Insurance pays lump-sum benefits directly to you for a range of covered injuries and accident-related expenses. Benefits may be available for things like a fracture, burn, major concussion, emergency room care, or surgery. The benefit amounts depend on the type of injury and care received.

Hospital Indemnity Insurance

Hospital Indemnity Insurance pays benefits directly to you when you have a covered inpatient hospital stay. You receive a benefit as soon as you are admitted and then an additional benefit based on the number of days you are confined to the hospital. Easily file claims on the My Aetna Supplemental app, or on the member portal at myaetnasupplemental.com. For Aetna medical plan members, the system retrieves medical information needed to process your claim. If you aren't enrolled in an Aetna medical plan, upload your medical bill or mail a paper claim form to Aetna Voluntary Plans.

2026 Contribution Limit

For 2026, the IRS contribution maximum is \$24,500. If you are age 50 or over by the end of the calendar year, and have reached the annual IRS limit, or the plan's maximum contribution limit for the year, you may make additional "catch-up" contributions as follows:

- Age 50 to 59 or older than age 64: Up to \$8,000
- Age 60 to 63: Up to \$11,250

For example, if you turn 50 in December 2026, you can contribute the catch-up amount throughout the entire 2026 calendar year.

Note: Annual 401(k) plan IRS nondiscrimination testing may lead to refunds for certain highly compensated Team Members. Catch-up contributions are not subject to a refund.

Legal Services Plan

MetLife Legal offers a voluntary Legal Services Plan for Chewy Team Members and their families. Participants get access to legal assistance for some of the most frequently needed personal legal matters — with no waiting periods, no deductibles, and no claim forms when using a network attorney for a covered matter.

You can choose an attorney from the MetLife Legal Plans network of pre-qualified attorneys, or use an out-of-network attorney and be reimbursed for some of the cost.¹ And, for non-covered matters that are not otherwise excluded, this benefit provides four hours of network attorney time and services per year.²

¹ You will be responsible to pay the difference, if any, between the plan's payment and the out-of-network attorney's charge for services.

² No more than a combined maximum total of four hours of attorney time and service are provided for the member, spouse, and qualified dependents, annually.
